Product Description

Interface Maclean Energy MCE200 Bluetooth 4.0 OBDII Android IOS Don't buy a pig in a poke - cheap Chinese devices do not work with most cars and mobile phones, they do not have IOS connectivity and they do not have Bluetooth 4.0 !!! The main difference between cheap interface:- Bluetooth 4.0 (cheap equivalent of 2.1)- Has 3 indicator lights (cheap equivalent only 2 or not at all !)- Interoperability and software also in IOS ! (the cheap equivalent has only a truncated Android) The MCE200 Bluetooth interface is based on the latest controller that allows the diagnosis of most things in the car ! TO COPY THE DEVICE, YOU MUST USE THE CODE: 1234 Main functions of MCE200:- Read and clear faults in the OBDII / JOBD / CAN / EOBD standard- Read frozen frames- Read manufacturer-specific fault codes- Read pending faults- Enables real-time monitoring of most engine parameters, part signals, electronics, airflow, temperature, etc.- Measurements of engine power, acceleration, engine flexibility- Clears the CHECK ENGINE lamp/check/warning Our interface is the most affordable solution on the market with the above features! Compatibility: Windows XP, Windows Vista, Windows 7, Windows 8, Windows Phone, Android, IOS, MAC, SYMBIAN TO COPY THE DEVICE USE THE CODE: 1234 Works with many car diagnostic apps - for example (Android - just scan the QR code and download the app) Just scan the code and download the app!
