

MCE650 - Maclean LED floodlight with motion sensor, Slim, 50 W, 4000 Im, cool white (6000 K), IP44, CW PIR

from 14,21 EUR

Item no.: 382076 shipping weight: 0.40 kg Manufacturer: Maclean Brackets

Product Description

High-quality, energy-saving and reliable light source with a long service life. The IP44 tightness class protects the device from water jets, meaning the floodlight can also be used as an outdoor light. The adjustable handle allows you to adjust the lighting angle. An ideal solution for illuminating entrances, driveways, patios, garden paths, backyards, workshops, warehouses, garages, cellars, etc. The built-in PIR motion sensor and twilight sensor guarantee stable and very fast operation of the lamp. There is no need to install expensive external sensors. The light switches on automatically when movement is detected within the sensor range and switches off after the selected time has elapsed. Specification- Power supply: 220-240 V- Mains frequency: 50/60 Hz- Tightness class: IP44- Power: 50 W- Luminous flux: 4000 Im- Service life: 50000 hours- Number of switch-on/switch-off cycles: 20000- Beam angle: 120°- The luminaire is suitable for indoor and outdoor installation- Temperature range in which the luminaire can be operated: -20°C to +35°C- Light colour: Cool white- Colour temperature: 6000K- Ambient light sensitivity (day/night): <3-2000LUX (adjustable)- Time delay: min. 5 sec (± 2 sec) - max. 5min (± 1min) (adjustable)- Installation heights: 1.8 - 2.5 m- Detection range: 120°. Sensitivity/detection distance: 2-10 m (adjustable)- Does not work with a dimmer- Energy efficiency class (from 01.09.2021): F- Cable length 12 cm- Cable terminated with terminals for installation in a terminal stripSet contains- Maclean MCE650 CW LED floodlight with motion sensor- User manual-Manufacturer's packagingFeatures- Energy-saving LEDs- Quick and easy installation- Power: 50 W- Light colour: Cold white- Good quality- Very thin housing - 30 mm- Luminous flux: 4000 lumen- Adjustable twilight sensor- Built-in motion sensor- Detection distance: 2-10 m (adjustable)- Thanks to the IP44 tightness class, the floodlight can be installed outdoors
