Product Description

Gigaset A690A black

The choice is yours: You can make a call either using the handset or in hands-free mode, giving you the freedom to do something else at the same time and even allow others to join in the conversation. Or, you can decide which of the two hands-free profiles you'd rather use: Adjust the strength of higher or lower frequencies to make the sound comfortable for you. Whatever you decide, you can always rely on perfect voice quality!
