## TP-Link M7450 Mobile 4G / LTE WLAN Router

from **131,02 EUR**

Item no.: 356381  
shipping weight: 0.30 kg  
Manufacturer: TP-LINK

### Product Description

Faster surfing with up to 300 Mbit/s The M7450 supports LTE-A (Cat. 6) and uses carrier aggregation for this. This technology combines distant LTE frequencies into a "virtual" frequency band to increase throughput to up to 300 Mbps. This allows you to enjoy smooth HD videos, fast downloads and smooth online gaming. AC1200 WLAN with up to 32 devices simultaneously The M7450 operates at up to 867 Mbps on the 5 GHz band and up to 300 Mbps on the 2.4 GHz band. It is able to provide a UMTS or LTE connection to up to 32 WLAN devices simultaneously (e.g. portable computers, smartphones, etc.). This makes it your most loyal companion on the go and you can provide your friends with Wi-Fi wherever you are. Power for a whole working day The M7450 has a 3000 mAh battery. This means it can work for up to 15 hours without mains power or remain in standby mode for over 900 hours. The M7450's battery is charged using a micro USB cable via a notebook or other USB charger. Your perfect everyday companion Thanks to its elegant shape and low weight, the M7450 is perfect for private or business trips, outdoor activities and much more. Modern display and menu The intuitive display of the M7450 allows you to easily monitor your already used data volume. The traffic limit prevents you from exceeding your limit and having to pay extra. The display also shows you other helpful information such as the battery charge status, signal strength, Wi-Fi status, number of connected devices, etc. Local sharing of a micro SD card Now you can share your music, photos and videos even more easily. Insert an optional micro SD card with up to 32 GB and set up sharing (micro SD card sold separately). Easy management with the tpMiFi app With the tpMiFi app, you can manage your M7450 simply and easily via any iOS and Android device. Set data limits, monitor which devices are allowed to connect to your network, send messages and save data on an additional micro SD card.

Hardware functions- Interface: 1x micro USB port for power supply, 1x micro SIM card slot, 1x micro SD card slot- Button: Power On/Off?menu- Power supply: 3000 mAh rechargeable battery- Network type V2: FDD-LTE: B1/B3/B5/B7/B8/B20/B28 (2100/1800/850/2600/900/800/700 MHz); TDD-LTE: B38/B40/B41 (2600/2300/2500 MHz); DC-HSPA+/HSPA/UMTS: B1/B5/B8 (2100/850/900 MHz)- Data rates: DL: 300 Mbps, UL: 50 Mbps- Dimensions (W x D x H): 112.5 x 66.5 x 16 mm- Antenna: Internal antenna- Micro SD card reader: Up to 32 GB- Display: 1.44 inch TFTWLAN functions- WLAN standards: IEEE 802.11a/b/g/n/ac 300 Mbps at 2.4 GHz or 867 Mbps at 5 GHz- Frequency: 2.4 GHz & 5 GHz- Transmission power: 2.4G <20 dbm, 5G <23 dbm- WLAN security: Supports WPA-PSK/WPA2-PSK, Wireless MAC Filtering,- DHCP: DHCP Server, DHCP Client ListOther- RNDIS support: Yes- System requirements: Windows XP/7/8/10- Certification: CE, RoHS- Package contents: 300 Mbps LTE-Advanced Mobile Wi-Fi M7450, micro USB cable, nano-to-micro SIM card adapter, 3000 mAh battery; quick start guide- System requirements: Windows 10/8/7/Vista/XP, Mac OS, Android, iOS, Windows Phone
