Product Description

ALFA AOA-2458-59-TSL - Dual-Band Omni Antenna, RP-SMA (m) Connector

ALFA's AOA-2458-59-TSL is a high-quality, low-cost dual-band omni-directional Wi-Fi antenna with an RP-SMA male connector. The gain is 9 dBi for 5 GHz and 5 dBi for 2.4 GHz. It has a weather proof fiber glass casing and is a great antenna for boat or RV use. It does not come with a mounting bracket.

With its RP-SMA male connector, it can be connected directly to a variety of outdoor Wi-Fi products that have RP-SMA female connectors. While it can be mounted separately and connected to a receiver with an extension cable, this does not include a mounting bracket for the antenna.

- Model: AOA-2458-59-TSL
- Frequency: 2.4/5 GHz dual-band
- VSWR: 2.0
- Gain: 9 dBi (5 GHz), 5 dBi (2.4 GHz)
- Radiation: Omnidirectional
- Impedance: 50 ohm
- Connector: RP-SMA male
- Height: 10.2 inches including connector (260 mm)
