### Product Description

The USB connection for the Snom A100M/A100D headsetsThe Snom ACUSBQQR adapter cable connects the Snom A100M/A100D headsets to any Snom desk phone via USB connection as well as PCs (Windows, Mac OS, Linux) with a USB connection. Simply plug in the USB cable and use it immediately - Plug & Play makes it possible. The integrated buttons for connecting/disconnecting the call, the mute function and the volume setting enable an effective and convenient telephone experience. In addition, the headset can be easily disconnected using Quick Release (QR) without interrupting the active call. Thanks to the Quick Release (QR), you can easily connect your Snom A100M/A100D headset to any of the 4 available QR quick release adapter cables at any time. In addition to the Snom ACUSB with USB connection, there are also:(optionally available) - The Snom ACPJ with 3.5mm jack plugfor Snom M-series devices - optionally available - The Snom ACPJ25 with 2.5mm jack plugfor Snom MSC-series devices - optionally available - and the Snom 4P4CQRadapter cable with headset connection (Western plug) which is included with the Snom A100M/A100D headsets.Features- USB connection - Plug & Play - Compatible with USB-enabled Snom desk phones and PCs - Cable length: 1.7m
